

2026 CORPORATE PARTNERSHIP PROGRAMS

WHO WE ARE

Mercy Relief was established in 2003 to respond to human tragedies and disasters across the Asia-Pacific region. Over the years, we have grown into Singapore's leading independent disaster relief agency, equipped with dedicated leadership, capacity-building expertise, and an extensive affiliate network operating across the disaster management cycle.

Beyond immediate disaster relief, our long-term sustainable development programmes aim to uplift and empower communities in five key areas: water and sanitation, shelter, sustainable livelihoods, healthcare, and education.

130
relief
operations

105
post-disaster
projects

\$55.3 million
disbursed

>3.5 million
lives impacted

As disasters become increasingly frequent and severe across the Asia-Pacific, our mission has never been more urgent.

With your partnership, we can deliver timely humanitarian assistance to more communities and implement long-term programmes that not only support recovery, but enable communities to thrive in the years ahead.

BE INVOLVED

Volunteer

We collaborate with corporations to design Corporate Social Responsibility (CSR) programmes that advance organisational priorities while achieving measurable, meaningful social impact.

Through the **Mercy Overseas Volunteer Expedition (MOVE)**, employees can volunteer directly in the field alongside local communities to strengthen access to essential needs such as water, shelter, education, and more.

Partner with us to create **high-impact employee engagement opportunities** rooted in humanitarian work.

Adopt a Project

Support Mercy Relief's humanitarian work by **supporting a disaster-response mission, post-disaster recovery project, or funding a long-term community resilience programme**. Corporations may also contribute directly through in-kind donations of project materials depending on operational needs.

Fundraise

Strengthen social impact by hosting **fundraising events, matching employee donations, or co-sponsoring campaigns** that expand Mercy Relief's reach and disaster-response capacity, while building meaningful visibility through purposeful, values-driven collaboration.

BE INVOLVED

Co-Create with Us

Partnering with Mercy Relief enables your organisation to co-design and implement humanitarian initiatives that are both impactful and aligned with your values. By combining your organisation's strengths with our field expertise, we can jointly develop programmes that respond to urgent community needs while advancing shared ESG and CSR priorities.

EFFECTIVE RESPONSE

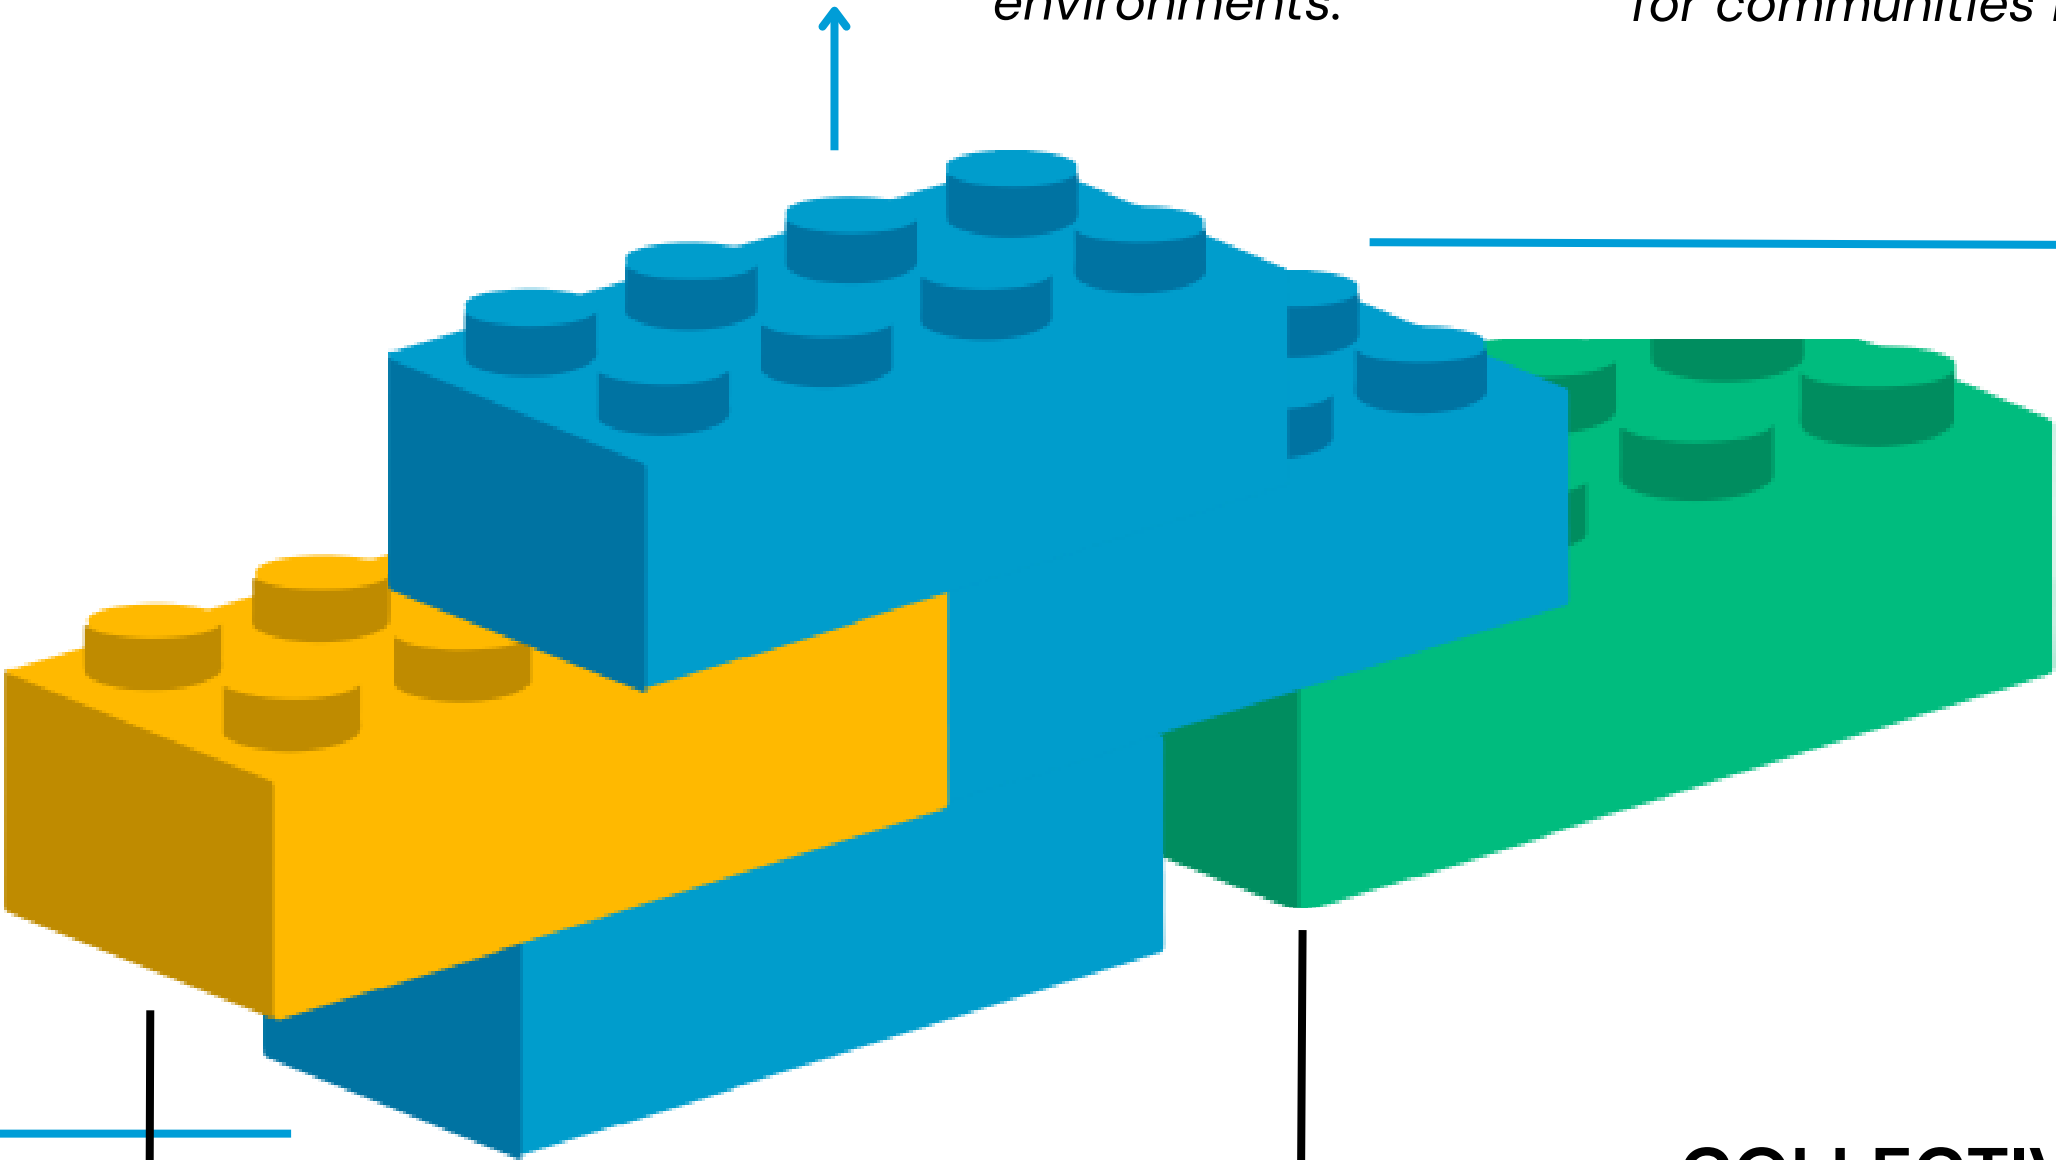

Mercy Relief deploys aid rapidly when disasters strike, ensuring that critical resources reach the most vulnerable.

DEEP EXPERTISE

Decades of operational experience and strong relationships with local communities allow us to work effectively in complex, high-risk environments.

CREDIBILITY

We have delivered 235 successful projects across 31 countries, achieving quantifiable, verifiable impact for communities in need.

ENHANCED REACH

Corporate sponsorships extend our ability to support more vulnerable populations, helping restore dignity and stability where it is most needed.

COLLECTIVE IMPACT

Through co-creation, partners advance ESG and CSR priorities, strengthen employee engagement, and reinforce brand purpose through measurable social impact.

"Everything we had stored over the past months: canned food, legumes – **it's all gone**. There's nothing left. I don't know how I'll feed my kids tomorrow. Every day we, my wife and I, stand frozen by the same question: "What will we eat today?"

I thank Mercy Relief, and everyone who supports this kitchen. You may think it was just a meal, but it **saved us that night, and it helped me feel like a mother again.**"

– ANYA, HOPE FOR GAZA RELIEF AID 2025

"When **there was water everywhere**, and all the income sources were closed, there was no food in our house. My husband is a disabled person who has lost one of his legs. At that time, the relief package was very **crucial for my family**. My family and I are very grateful to the donor (Mercy Relief)."
